"Perched atop a hill overlooking the magnificent Deep Bay on Antigua's north-west coast, only 5 minutes' drive from the island's capital St John, this remarkable villa with infinity pool stands out as a true gem among the other luxury villas in the Galley Bay Heights community, offering its own direct access to the beach".

Built on four levels this property provides almost 1,000 m2 of living space and is luxuriously equipped to ensure your every desire is met. This is the only villa in Galley Bay Heights with its own direct private access to the beach and is clad with a hand-crafted natural stone. It is bordered by a beautiful garden with a variety of native palms and various tropical flowers, which extend on to two roof gardens, home to humming birds and other local fauna, gently sloping down to the beach. There are five double bedrooms, all of which offer private terraces with breath-taking views over Deep Bay and the sea. There is an additional twin room located on the second level. All the bedrooms have private bathrooms, ceiling fans, A/C and spacious walk-in wardrobes. Three of the bedrooms are located on the ground floor, two on the lower floor and one in the romantic cottage below.

The entrance opens out into a gloriously spacious living area with over-sized sofas looking out over the decking and infinity pool to the bay views and ocean beyond. The kitchen to one side is very well equipped with professional quality stainless steel appliances and a beautiful and functional island topped in Italian marble, housing a six burner-cooking hob. It features custom made cabinets, which were crafted in Italy and SubZero fridges and wine cooler. The circular dining area is near the kitchen, to the side of the living area and seats 10 comfortably.

Outside, there is a large area of decking which incorporates an infinity pool and Jacuzzi with ample room for sun loungers, comfortable seating and sofas to soak up the views and enjoy the sunshine. An outdoor table for 14 allows for al fresco dining on the terrace which also features a stainless steel BBQ, cocktail bar and its own drink fridge and sink. Off the main living area is a media room, with a 60" Plasma HDTV television with BOSE sound system and also an Apple Airport Express music system, which is linked to multiple speakers in the main living area and the outside deck.

LOCATION

The property is located just five minutes from St John's, the capital of Antigua, where you can find an array of fresh fruit markets and the duty free district at St John's Heritage Quay and Recliffe Quay.
