"Located near the beach of Agios Stefanos, this is a stylish architect designed villa enjoying stunning views of Mykonos town and towards the island of Delos".

Designed over three levels, this is a private and comfortable six bedroom property, with a blend of modern style and with more than a nod to its traditional Greek origins. The thoughtful owners have added numerous pieces of art and paintings to offer a homely feel, creating a relaxing ambience.

The outdoor area is quite special – open and covered terraces offer spectacular views, whilst the infinity pool is a scene of complete relaxation as the waters seem to merge with the sea behind and are a genuine highlight of the property. Enjoy lingering sunsets with a glass of your favourite tippie in hand before venturing into nearby Mykonos for the evening, if you can tear yourself away!

Nearest beach is Agios Stefanos (3 minutes drive), airport and port 10-15 minutes drive.
