"Surrounded by barren rocky landscape so typical of Mykonos, this villa is a fine example of Cycladic architecture and minimalist elegance in which to soak up the island's relaxing atmosphere as well as the stunning panorama over the Aegean sea".

A three-floor air conditioned villa that can host up to fourteen people in its seven luxury double bedrooms of tasteful, minimal decoration and graceful common areas. The villa's features encompass an infinity pool with built-in loungers and a cabana pool bar, sauna, gym, outdoor Jacuzzi and home cinema. A well plotted lawn garden with palm trees and multilevel pergola-shaded dining and lounging areas will make guests succumb to the soul-soothing sunlight.
