"If you're looking for stunning surroundings, an impeccably designed villa and a real sense of getting away from it all, Villa Yaroslava is the one for you".

The villa is located in the south-eastern part of the island of Mykonos. Perched on the slopes of the hill overlooking Kalafatis Bay, it enjoys stunning views of the Aegean Sea and the island of Naxos. Constructed exclusively with Mykonian rock, Villa Yaroslava is perfectly integrated into the landscape. Also, owing to its south-facing position, it is protected from the 'meltemi' - the strong north summer wind of the Cyclades. It is, therefore, ideally located to enjoy the spacious outdoor areas by the pool, which create a relaxed ambience. Built in a part of the island that is less developed, it enjoys peaceful surroundings as well as that all-important close proximity to less-crowded beaches, while Mykonos town with its bars, shops restaurants and vivid nightlife is only a twenty-minute drive away.

The villa unfolds in three levels and can accommodate up to eight guests. For larger groups, the residence can be combined with the neighbouring villa. The two villas combined can sleep a total of 12 guests.
