"A spacious villa in Quinta do Lago, close to all amenities and with a heatable pool."

The living room has huge windows to the garden, a wooden ceiling, chandeliers and comfy sofas. The dining room is also flooded with light from the large windows and has an extendable dining table for 12 people. It overlooks a unique, interior garden full of tropical plants which creates the centrepiece to this property. The kitchen is fully equipped with modern appliances, a central island and a good sized pantry.

On the lower level of the house, there is a spacious games room with a central fireplace, several sofas and armchairs, table tennis and pool table for the young ones, or young at heart! There is also a sauna and a jacuzzi (photos available soon)

Outside is wonderful with plenty of outside furniture for alfresco dining or relaxing in the sunshine. The Mediterranean garden is bursting with a variety of plants and native trees that provide some welcome shade on hot, summer days. There is also a pretty pergola on a wooden deck with dining furniture for 10 people and a charcoal barbecue under the canopy of trees.

Guests are entitled to use the shared pool in the Encosta do Lago condominium as well as other facilities such as the gym and the tennis court. Access is granted via cards provided and this is included in the villa rental.

Air conditioning in all bedrooms except the twin on the lower level.
