"Close to Bendinat golf course and the city of Palma de Mallorca, this superb villa with heatable infinity pool, gym and spa enjoys panoramic views over the mountains and the Mediterranean sea".

From most of the areas of the villa you can enjoy these precious views while you are resting on the loungers or dining al fresco with your family under the large porch. The villa's southwest orientation means that you can enjoy the sunlight throughout the day on the large terraces on each floor and around the beautiful infinity pool.

Built with high-quality materials this luxurious contemporary villa stands out for its brightness and the wonderful views from all the floors of the house, the pool, the terraces and the garden. Apart from the 4 bedrooms (all with their own bathroom and satellite TV with all the channels from all the countries, Netflix,...) the house also offers a second living room in the bedroom area that connects to the spa on the lower floor, and the pool and garden area.

One of the highlights of this property is the 75 m2 modern spa consisting of a jacuzzi with hot water (36-38 degrees) with ozone therapy treatment and different massage systems (cervical massage jet, air and water lumbar massage,...), Turkish steam bath with aromatherapy, shower massage, hot beds, chillout area to relax, massage table and gym (with weight machine, elliptical bike, treadmill, rowing machine, dumbbells and abdominal bench).

Outdoor furniture includes two dining tables for 10 people, 4 sofas, 10 sun loungers, a ping-pong table, a hammock, chillout mats and a gas barbecue (4 burner weber).
